

Cockington Primary School Improvement Priorities

COAST
ACADEMIES

Leadership and Management

Ensure that the new leadership team have a clear and consistent vision realised through strong, shared values and high expectations.

Provide high quality CPD aligned with curriculum and school priorities which impacts on the quality of teaching and learning.

Reduce the gaps between disadvantaged and non-disadvantaged children through targeted use of the PP funding.

Quality of Education

Design an ambitious and progressive curriculum that addresses typical gaps to ensure all children are successful.

Implement our curriculum skilfully, crafting successful learning opportunities and coherent sequences of learning.

Improve our end of Key Stage outcomes to bring them in line with national expectations.

Behaviour and Attitudes

Embed our culture of high expectations, positivity and respect across our community.

Focus on attendance and punctuality so that disruption to learning is minimised.

Develop pupils' motivation and positive attitudes to learning through our school culture and reward systems.

Personal Development

Establish our values as the cornerstone of our school, enabling pupils to develop strength of character and essential skills for their future success.

Ensure the school's curriculum provides pupils with meaningful opportunities to make positive contributions to society.

Provide a wide range of opportunities to nurture, develop and stretch children's talents and interests.

Early Years Provision

Develop a cohesive, purposeful and carefully sequenced curriculum.

Prioritise the development of oracy in our foundation stage to ensure all children are successful.

Strengthen the opportunities for parental involvement in celebrating and supporting children's learning.

Coast Academies Key Priorities

Create a shared understanding of teaching, learning and ensure that governance impacts directly on the quality of education.

Craft our shared vision for education around the "golden thread" of a curriculum that is purposeful and develops knowledge and skills coherently.

Grow and develop our MAT to allow us to benefit from the economies of scale as an environmentally responsible organisation.

Develop an IT strategy that will enable schools to use technology with great impact.
