

EDEN PARK PRIMARY & NURSERY SCHOOL IMPROVEMENT PRIORITIES

COAST
ACADEMIES

Leadership and Management

Leaders focus on improving the subject, pedagogical and content knowledge of all staff.

Leaders support professional development through increasing leadership opportunities.

Leadership encourages full engagement with the community including parents, local services and businesses.

To ensure a continued strong culture of safeguarding including the support of the most vulnerable families.

Quality of Education

To deliver a coherently planned and ambitious curriculum that meets the needs of all pupils.

To develop an enquiry model that leads to improving long term working memory through cognitive development.

To ensure that all professional development is aligned with curriculum intentions.

SEN pupils are supported to achieve best possible outcomes.

A rigorous sequential approach is created for reading focusing on fluency, confidence and enjoyment.

Behaviour and Attitudes

The school is able to improve on its high standards of behaviour and conduct.

Specific support is provided to enable staff to support the provision for children with the most challenging behaviour.

A positive environment is established in which bullying is not tolerated and incidents are effectively dealt with.

Pupils make a highly valued contribution to the school community.

Personal Development

To develop and improve both spiritual and cultural education, thus ensuring pupils broader development.

To ensure a new curriculum is in place for both PHSE and RSE and is compliant with new statutory guidance.

To promote extensive personal development of all pupils through developing strength of character.

Early Years Education

To improve outcomes for writing across EYFS.

To develop children's strength of character

To invest fully in purposeful CPD for all EYFS staff.

To ensure that the school environment is fully utilized to be the "third teacher" in supporting learning.

To ensure both the EYFS and Key Stage curriculums are aligned.

Eden Park Vision

At Eden Park Primary and Nursery School Academy, we place children at the centre of what we do. We work hard to create a friendly, inviting and stimulating environment for children to thrive, and combine this with high expectations and a determination that children will succeed.

Our work is driven by our five school values of independence, creativity, respect, wellbeing and teamwork. Our children learn to become confident, assured, resilient, polite and imaginative; equipped for life.
