

Our Vision and Aims for Preston Primary.

An outstanding coastal school known for an innovative curriculum that delivers excellent outcomes for children.

- The development of Citizenship.
Be a Good Citizen
- Personal growth and Self Development.
Love to Learn
- Occupational Preparation.
Ready to Work

Preston Primary School School Improvement Priorities

We strive to make all these statements consistent and true across our school.

Early Years Provision

Our curriculum is designed around a framework of values that supports the development of the whole child as a reflective learner.

The 4C's enable a curriculum that is open ended and full of curiosity, preparing children for their school journey and beyond.

Digital innovation enhances learning, supporting children to be creators.

Transition to KS1 ensures children are able to build on the learning and development fostered within the early years.

PERSONAL DEVELOPMENT

LOVE TO LEARN

We set everything a child experiences at school around a framework of values

We build a culture that allows each individual to achieve a unique understanding of self and the skills to fulfil their potential.

We design a framework of personal attributes that leads to a measurable progression.

We actively plan to increase the happiness of all pupils

21st CENTURY CURRICULUM

READY FOR WORK

We prepare pupils for the future workplace, developing citizenship and a love of learning

Our 21st Century Curriculum is innovative, digitally aware, relevant to pupils' future lives, and planned to sequence their learning.

4 C's - creativity, collaboration, critical thinking, and communication become the strategic foundation of the curriculum.

CITIZENSHIP

BE A GOOD CITIZEN

We prepare children to be active global citizens

We equip pupils with the knowledge, skills and confidence to make a positive difference to the society in which they live – locally, nationally, globally.

We have an understanding of all the elements that make up being an active citizen.

We commit to sustainable development.
